

All Saints Catholic School

PARENT QUESTIONNAIRE

Family Name: _____ Date: _____

Child/ren's Name: _____ Entering Grade: _____

All Saints Catholic School is proud of the partnership between the school and its families and believes it is essential for the education of its students and the success of various school programs. Your answers to the following questions will help us to understand how you view your role in this partnership. [Please type or print. Attach additional page as needed.]

Why do you want your child/children to receive a Catholic education, particularly at All Saints Catholic School?

Your child/children will receive daily religious instruction in the traditions, doctrine, and sacramental life of the Catholic Church. As the primary educator of your child/children, how will you support and encourage his/her growth and development of faith within this Catholic school and at home?

The academic success of a student is greatly influenced by his/her study habits. How will you support the study habits and learning of your child/children at home?

The school asks parents to be actively involved in the education of their children by participating in school organizations, volunteering in classrooms, attending and taking part in parent meetings and conferences, driving on field trips, donating skills (as electricians, carpenters, painters, etc.), and assisting in the major fundraising events that support the operational and capital improvement budgets of the school. Do you understand this and in what ways are you willing to fulfill your parent participation obligation?

Has your child had an educational assessment or evaluation done? If yes, please provide date and type of assessment.

What is your relationship to All Saints Parish? Do you worship and contribute regularly in this parish?

Tell us about any parish activities that you have taken an active part in (i.e., lector, Eucharistic minister, usher, greeter, CYO, etc.).
