The Berkeley Chess School (BCS) is non-profit, and has been offering chess instruction from elementary through high school for 25 years. It is an affiliate of the US Chess Federation. Over the years our students have won numerous state championships and some have become Masters, FIDE Masters and International Masters.

Boards and sets are provided for our classes. **The class minimum is 10** and the maximum is 20. Enrollments are accepted in the order received. We will call only if the class is full and we cannot accept more enrollments.

Chess is fun and can be learned quickly and easily. Studies have found that chess helps improve test results in reading, science and math and produces growth in critical cognitive skills. Beyond academia, chess influences social behavior including self esteem, respect for others, patience and good manners.
