

HEALTH INFORMATION REQUIREMENTS

Every incoming student must have the following documentation:

1. Report of Health Examination for School Entry
 - For pre-kindergarten, kindergarten, and new-to-the-school first grade students, this must be completed by an MD or Nurse Practitioner within six (6) months of the start of school.
 - For new-to-the-school second through eighth grade students, a physical exam completed within the past two years meets this requirement.
 - Parents must submit the California Report of Health Check-up for School Entry (CHDP): (PM 171-A) to the school office,
2. Documentation of TB Screening
 - This must be done within 6 months of the start of school.
 - Acceptable screening methods include the PPD or Mantoux skin test, or a physician's signed statement of "negative symptom screening" or "no risk assessment". PPD must be documented by your health care provider. This means you must have the test read 48-72 hours after it is given.
 - Tine tests are not acceptable for TB screening requirements.
3. A Original Copy of the California School Immunization Record (PM 286)
 - This is a legal document and will follow your child with his/her cum file when he/she graduates or transfers to another school.
 - No child may be admitted as a student of a school unless s/he has been immunized according to California immunization requirements.
 - An original copy of your child's immunization records is required unless you have a computer printout of your child's record.
 - The Hepatitis B series is required for kindergarten and 7th grade students.
 - Documentation of a measles vaccine is required for all kindergarten and 7th grade students.
 - Documentation of chicken pox vaccine or past episode of the disease is required for kindergarten.
4. Special Health Needs Plan for Students with Chronic Medical Problems
 - A form is attached that must be completed for students with special health needs. It must be signed by the child's health care provider.
 - Special health needs would include asthma, diabetes, seizures, severe allergies, and the like.
 - The plan should address signs and symptoms, acute management, and indications for phoning 911.

The above are specific requirements of the State of California and/or All Saints Catholic School and the Diocese of Oakland. Parents are required to provide complete documentation PRIOR to the start of the 2008-2009 school year. Children without proper documentation will not be allowed to attend school until such requirements are met.

Documentation should be provided to All Saints by June 20th.

Please note: If your child needs a physical examination and/or PPD and has not had these within the time periods stated above, please schedule an appointment with his/her pediatrician NOW to ensure that appropriate documentation can be provided to All Saints before the start of school.
