

String Choir Information

We will continue to offer extra-curricular instruction in violin, viola, and cello to our 4th to 8th grade students during the 2008-2009 school year. Instruction is one day a week during lunch time. Sessions run 45 minutes and are taught by qualified string musician and teacher, Christine Lee. Students must provide their own string instrument and must commit to regular practice at home. Classes are small with only four to eight students.

This is a very cost-effective way for your child to learn a new instrument. The program costs \$250 per year, which averages out to less than \$7.50 a lesson. Payment may be made in full in September or in two installments of \$125 each, one in September and one in January.

If your child is interested in participating in our extra-curricular string program, please complete the string registration form and return it to the school office by June 20th.
